

WONDER-Kids

FUMC Omaha Children's Sunday Offerings

We commit to liberative Christian education, encouraging families to worship & wonder aloud together without the pressure of seeking "answers." Lessons are rooted in a progressive theology of embodiment & repair that affirms all creatures as sacred, beloved & beautiful. We explore what it means to "love God and love your neighbor as yourself" through a *Secular as Sacred* approach engaging in practical, public activities. We show children they are powerful & agential now who can act justly in community with their hands, feet, hearts, voices & leadership.

WONDER-Sundays Time occurs after Hosanna Choir, from 9:50a-10:35a unless noted otherwise.

Hosanna Choir

"When Words Fail, Music Speaks"

Join Lauren Morrissey each Sunday from 9:30-9:50a in Room 204 for musical engagement. Each week WONDER-Kids will explore & rehearse music they will perform in choir performances.

2024 Choir Performances

October 6th, 2024 December 8th, 2024

Kindergarten: Room 206
1st & 2nd Grade: Room 205
3rd & 4th Grade: Room 209
5th & 6th Grade: Room 207

WONDER-Ful Wednesdays

6p-7:30p every Wednesday
Starting September 11th, 2024!

2024 Monthly Themes:

September: Identity
October: Community
November: Belonging
December: Inclusion

Wednesday Schedule:

6p - 6:30p: *Listening Lab*

Location: WONDER Children's Library
Intergenerational: ALL AGES WELCOME!
We'll engage with a children's book related to our monthly topic, playing with the text, images, themes & feelings it inspires.

6:30p - 7:30p: *Exploring the Assembly*

Location: WONDER Room 208

The Assembly is messy, mysterious, interconnected & ever-expanding. As creatures within it, we get to explore, get messy & create! We'll engage all our senses & foment curiosity about ourselves, our world & our Divine interconnectedness.

Accompanying the Assembly

One the last Wednesday of each month, we'll engage in solidarity & outreach with our community as part of our practical & public theology of interconnected repair.

WONDER. EXPLORE. CREATE. CONNECT.

WONDER-Families co-creates brave spaces together with children & families using process-oriented STEAM approaches so we embody the Sacred authentically in voice & in action.

Creation IS WONDER-fully Neurodiverse!

Learning is meaning-making. It's playful & plays with convention. It's create-ive. It's inherently sensory & experiential, demanding disruption in the process of discovery. Discovery is key to solidarity. This is why we strive to be a space for all to discover themselves & the Divine in the way *best for them*. We aim to co-create spaces with families & children celebrating neurodiversity because the Body cannot flourish without their gifts, perspectives, & wisdom.
